

Date: Thursday, April 12 th

Time: 9AM – 2PM

CSI SECURITY SEMINAR

Seminar for Houses of Worship

91% of church members are concerned about safety & security.*

*Source: 2009 Christian Security Network Poll

We will assist you in assessing just how secure your facility is and identify areas you could improve. The assessment serves as a guide for non-security professionals in the houses of worship environment to engage in a careful observation of their facility in the following areas:

- Assessing areas of risk
- Identifying physical and electronic security gaps
- Securing assets, including people and property
- Protecting children and youth
- Managing visitor access to facilities

**ON-SITE
DRAWING &
GIVEAWAY!**
